The word "and" has been replaced with --- , said partition centrally ---.

**In claim 5, last line:**

After the word "section", the following words have been added --- **half, and said partition extending from a leading edge of said wide aperture ---**.

**In claim 13, line 25:**

The second occurrence words "at least one" have been changed to --- each --.

**In claim 13, the line before the last line (line 36):**

The word "and" has been replaced with --- , said partition centrally ---.

**In claim 13, last line:**

**Claims 23 and 24 have been cancelled.**

***Reason for Allowances***

Regarding claim 5, the claim is allowable because the art of record, considered alone or in combination, neither anticipates nor renders obvious a bailing wire track section comprising: a partition *centrally position* within a wide aperture in between a top and a bottom of the wire guide track section half and *extending from a leading edge of the wide aperture*, in combination with the rest of the claimed limitations.

Regarding claim 13, the claim is allowable because the art of record, considered alone or in combination, neither anticipates nor renders obvious a bailing wire track section comprising: a partition *centrally position* within a wide aperture in between a top and a bottom of the wire guide track section and *extending from a leading edge of the wide aperture*, in combination with the rest of the claimed limitations.
